👤 ABOUT ME

I aim to specialize in Full Stack Development and Database Management. I am highly passionate about software development and eager to work in the industry. I thrive in collaborative environments, demonstrating strong teamwork skills. My dedication to continuous learning drives me to explore new programming languages and enhance my expertise every day. With an innovative mindset, I strive to develop creative solutions that contribute to both the software industry and my personal growth.

🎓 EDUCATION

BALIKESIR UNIVERSITY

Computer Engineering

2022 - ~

TEKIRDAG SCIENCE HIGH SCHOOL

2017-2021

📑 PROJECTS

Logistics Company Database Project
I designed and managed a database system for logistics companies using MS SQL Server. Improved my data modeling and query optimization skills.Developed a structured database schema to efficiently manage large-scale logistics operations.

Personal Web Projects
I have developed small-scale web applications using HTML, CSS, JavaScript, and React. These projects allowed me to strengthen my front-end development skills.

🎖 CERTIFICATIONS

2023-2024	19th Young Academy Certificate Bilkent University
2023-2024	Artifical Intelligence Workshop Certificate Balikesir University
